

Can I **Stay & Go** at the same time
to be part of **missions**?

Yes! **Stay & Go** through
WhatsApp
English conversations!

 Connect •  Share •  Disciple •  Impact Nations

No passport, no visa, no expensive plane tickets, no need to learn another language, and flexible times for mission service/ministry. This approach provides an opportunity for Stateside believers to be as active as they may wish on a weekly basis – from one or two hours online, to forty or more hours online.

CrossNet Global has linked with a group of believers using WhatsApp and Zoom to develop ongoing conversations with young people in countries including **Afghanistan, Pakistan, Iran, Saudi Arabia, Yemen, Turkey, Turkmenistan, Tajikistan, Russia, Egypt, Chad, Sudan, Nigeria, Gambia, Congo, India, Bangladesh, Indonesia, Vietnam, Myanmar & more.**

Purposes:

- To develop relationships on WhatsApp through conversational English.
- To seek spiritual conversations.

- To disciple online those who turn to the Lord.
- Sometimes to help plant churches in closed or restricted countries.

The stated purpose of these conversations is to develop relationships providing a source for conversational English. A second purpose for those participating with this small team is to gently seek opportunities to fill in the blanks if/when faith-related discussions open the door.

Who can Stay & Go to fulfill the Great Commission?

All those involved with this Stateside mission work are committed believers. As the relationship and trust level develops we pray it will lead to opportunities to share our personal stories of faith in Christ, and answer questions pertaining to the Bible, Christianity, and related topics. We occasionally pray with these international friends, and sometimes post short texts from the Bible. If someone accepts the Lord, we can walk with them in their new spiritual life and growth.

All are welcome, some may be more well-prepared initially. Although we welcome anyone to consider working with this ministry, retired or returning Stateside missionaries are especially well equipped to pursue these relationships.

CrossNet Global will assist in working with believers wishing to join with us in this ministry. We will help prepare you and set up initial WhatsApp connections.
